www.hc-sc.gc.ca

- Ministry of Labour

<http://www.labour.gov.on.ca/english/hs/pubs/whmis/index.php>

* There are free online WHMIS training courses, but verify through MOL if acceptable.

** Other WHMIS training providers:

- **Workers Health & Safety Centre**, Toronto

Website: WWW.whsc.on.ca

- **Infrastructure Health & Safety Association**, Toronto

Website: WWW.IHSA

First Aid / CPR / AED

- Toronto CPR

WWW.ert-cpr.com

This company offers many public courses throughout the GTA at multiple locations almost 7 days a week. I have taken the two-day standard first aid/CPR with AED through this company and it was great.

Rigging Equipment & Training

- Columbus McKinnon Corporation, Buffalo NY.

Website: cmrigging.com

Phone: 1800-888-0985

CM is a well-known manufacture of hoist and other rigging equipment for the entertainment industry.

They also do rigging training

- Electric & Manual Chain Hoist / Entertainment Rigging Training

* Go on line to view operating and maintenance manuals for their products

- The Crosby Group

WWW.thecrosbygroup.com

A great global manufacture of rigging hardware for all markets. Crosby also offers various rigging training on their products. Well worth the time for those people interested in rigging. They have 4-hour basic fundamentals as well as a 2 and 3-day course. These courses can be had for free if you are a user of their product and they know that the entertainment industry technicians use their product. Go to their website for huge amounts of info.
